DETAILED ACTION

Allowable Subject Matter

1. Claims 1-12 & 14-21 are allowed [renumbered as 1-20].
2. The following is a statement of reasons for the indication of allowable subject matter:

There is no prior art that shows the claimed collision severity estimation system for an automotive vehicle comprising a controller communicates with a camera and wave ranging device, the controller determines motion properties containing kinetic energy, classifying the object and generating a classification signal in response to the object parameter, estimating mass of the object in response to the classification signal and the controller determines depth of the object in response to object detection signal and generating a collision severity signal indicative of potential collision between the automotive vehicle and the object in response to the object motion signal and the depth.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

Art Unit: 2636
